

Ali Araghi, D.O.

PUBLICATIONS

Sacher HL, Sacher ML, Landau SW, Araghi A, Mene M, Dooley F, Dietrich KA: Outpatient Dobutamine Therapy: The Rhyme and the Riddle. *J Clin Pharmacol* 32(2):141-147, 1992.

BOOKS AND BOOK CHAPTERS

1. Araghi A: *Paramount Minimally Invasive Spine System*. In : Perez-Cruet, et al. (eds) Minimally Invasive Spine Fusion: Techniques and Operative Nuances. Quality Medical Publishing, Inc., St. Louis, Missouri, in press.
2. Araghi A: *Innovative Spinal Technologies Dynamic Stabilization Device*. In Yue JJ, et al. Spine Arthroplasty, in press.
3. Regan JJ, Araghi A, Mehlman CT, Crawford AH: *Thoracoscopic Exposures to the Thoracic Spine*. In: Zdeblick T (eds) Anterior Approaches to the Spine. Quality Medical Publishing, Inc. St. Louis, Missouri, pp. 125-155 1999.
4. Araghi A: *Kirkaldy-Wallis Degenerative Cascade*. In: Yue JJ, Guyer RD, Johnson JP, Khoo LT, Hochschuler SH (eds): The Comprehensive Treatment of the Aging Spine: Minimally Invasive and Advanced Techniques. Elsevier, in press.

PRESENTATIONS

1. Araghi A: A Review of Pigmented Villo-Nodular Synovitis. Cabrini Medical Center. 1992; New York, New York.
2. Araghi A: Thoraco-Lumbar Fractures in Adults. Cabrini Medical Center. 1993; New York, New York.
3. Araghi A: The Effect of Instrumentation Removal on Lumbar Vertebral Strength: A Biomechanical Analysis of the Vertebral Body's Response to Screw Removal. Spine Specialty Day. American Academy of Orthopaedic Surgeons. February, 1997; San Francisco, California.
4. Araghi A: Tourniquets: A Comprehensive Review. Fellows & Residents Annual Arthroscopy Conference. 1994; Scottsdale, Arizona.

5. Haheer TR, Merola A, Yeung AW, Litkou B, Ellis E, Araghi A, Caruso SA, Ng D, Ginzberg S: The Effects of Instrumentation on Lumbar Vertebral Compressive Strength: A Biomechanical Analysis. North American Spine Society. October, 1999; Chicago, Illinois.
6. Araghi A: Management of Lumbar Spinal Disorders. Clinical Assembly of Osteopathic Surgeons. September, 2000, Boston, Massachusetts.
7. Araghi A: Non-traditional Spine Surgery: Intradiscal Electrothermal Therapy, Minimally Invasive Procedures, Spinal Cord Stimulation, Artificial Discs. Spine Care of the Injured Worker conference. November, 2002; Phoenix, Arizona.
8. Araghi A: Spine Anatomy and Disc Related Pain. Spine Care of the Injured Worker conference. November, 2002; Phoenix, Arizona.
9. Araghi A: Role of Posterior Lumbar Interbody Fusion. Spine Arthroplasty Society. May, 2003; Phoenix Arizona.
10. Araghi A: Analysis of Failed Back Surgery Syndrome. Solutions for Workplace Spine Injuries. September, 2003; Phoenix, Arizona.
11. Araghi A: Spine Anatomy. Solutions for Workplace Spine Injuries. September, 2003; Phoenix, Arizona.
12. Araghi A: Anatomy and Physiology: DDD Related to the Pathophysiology of Specific Non-Fusion Surgical Treatment Options. Dynamic Spine Stabilization. November, 2003; Plano, Texas.
13. Araghi A: Surgical Decision Making and Upright MRI. 2nd Trans Atlantic Spine Congress "Innovations in Spine Surgery". November, 2004; Dallas, Texas/Basel, Switzerland.
14. Araghi A: Interim Results of a Prospective, Multicenter, Randomized Clinical Trial Evaluating Minimally Invasive and Open Pedicle Screw Implantation Outcomes. Snow Mass Meeting.
15. Araghi A: Flexicore Disc Implant Debate: Refuse to Fuse. Synthes Spine European Meeting. March, 2005; Davos, Switzerland.
16. Khoo LT, Garcia-Bengochea J, Holt R, Majd M, Spoonmore R, Araghi A, Yonemura K: A Novel Minimally Invasive Pedicle Instrumentation for Spinal Fixation: A Multicenter Experience. World Spine. August, 2005; Rio de Janeiro, Brazil.
17. Araghi A: Pathfinder and Paramount: A Review and Comparison. Guiding Panel for Spine. December, 2006; Jackson Hole, Wyoming.
18. Araghi A: Posterior Dynamic Stabilization: Interspinous Fixation. Clinical Assembly of Osteopathic Specialists. September, 2006; New Orleans, Louisiana.
19. Araghi A, Lumbar Artificial Discs (panel presentation). North American Spine Society Spring Break. March, 2007; Phoenix, Arizona.
20. Araghi A: New Technologies in Spinal Decompression and Fusion (panel presentation). North American Spine Society Spring Break. March, 2007; Phoenix, Arizona.
21. Araghi A: Controversies in Lumbar Arthroplasty. Stryker Spine International Symposium. April, 2007; Lisbon, Portugal.

22. Araghi A: Interspinous Devices: Design and Rationale. Desert Spine Conference. June, 2007; Las Vegas, Nevada.
23. Araghi A: Flexicore Disc Implant: Multicenter IDE Study. November, 2007; Athens, Greece.
24. Araghi A, Hisey MS, Zigler JE, Guyer RD, Sachs BL, Rashbaum RF, Ohnmeiss DD: Comparison of Open vs. Minimally Invasive Surgical Technique for Posterior Lumbar Fusion. Society of Minimally Invasive Spine Surgery. November, 2007; San Diego, California.
25. Theofilos C, Araghi A, Zucherman J, Sasso R: Flexicore® Disc Replacement vs. Fusion for Lumbar Degenerative Disc Disease: Main Outcomes from a Prospective Randomized Controlled Trial. North American Spine Society Spineweek. May, 2008; Geneva, Switzerland.
26. Araghi A: Axient Dynamic Fixation. Innovative Techniques in Spine Surgery. June, 2008; Los Cabos, Mexico.

POSTERS

1. Araghi A: Monteggia Equivalent Fracture Dislocations. American College of Osteopathic Surgeons. 1994; Washington DC.
2. Araghi A: Posterior Sternoclavicular Joint Dislocations: MRI/MRA as a New Method for a Non-invasive Study of Vascular Flow. Annual Clinical Assembly of Osteopathic Surgeons 1995; New Orleans, Louisiana.
3. Araghi A, Guyer RD, Fulp RT, Ohnmeiss DD, Blumenthal SL, Hochschuler SH, Regan JJ, Shelokov AP, Rashbaum RF: Use of Morphine Paste for Pain Control in Lumbar Laminectomies. Spine + Science + Management. November, 1996; New Orleans, Louisiana.
4. Caruso SA, Ellis E, Haher TR, Araghi A, Ng D: The Effect of Instrumentation Removal on Lumbar Vertebral Strength: A Biomechanical Analysis of the Vertebral Body's Response to Screw Removal. International Society for the Study of the Lumbar Spine. June, 1996; Burlington, Vermont.
5. Araghi A, Guyer RD, Fulp RT, Ohnmeiss DD, Blumenthal SL, Hochschuler SH, Regan JJ, Shelokov AP, Zigler JE, Rashbaum RF: Use of Morphine Paste for Pain Control in Lumbar Laminectomies. International Society for the Study of the Lumbar Spine. June, 1997; Singapore.
6. Araghi A, Guyer RD, Hisey MS, Bradley WD, Sama A, Sukovich W, Hardenbrook M: Evaluation of a Novel Hydrosurgery System for Disc Preparation in Lumbar Interbody Fusion in a Cadaver Model. International Meeting on Advanced Spine Techniques (IMAST). July, 2005; Banff, Alberta, Canada.
7. Perez-Cruel M, Tobler W Jr, Lennarson P, McCafferty R, Spoonamore M, Araghi A: Early Results of a Prospective, Multicenter, Randomized Clinical Trial Evaluating Minimally Invasive and Open Pedicle Screw Implantation Outcomes. North American Spine Society. Sept-Oct, 2005; Philadelphia, Pennsylvania.

8. Araghi A, Bradley W, Guyer R, Hardenbrook M, Hisey M, Sukovich W, Taddonio R: Efficacy of Disc Space Preparation for Transforaminal Lumbar Interbody Fusion: A Comparative Study of a Novel Hydrosurgical Technique to Conventional Methods in a Cadaver Model. Spine Arthroplasty Society. May, 2006; Montreal, Canada.
9. Tobler Jr W, Perez-Cruet M, Spoonamore M, Araghi A, McCafferty R, Lennarson P. Early Results of a Prospective, Multi-Center, Randomized Clinical Trial Evaluating Minimally Invasive and Open Pedicle Screw Implantation Outcomes. North American Spine Society. September, 2006; Seattle, Washington.
10. Yonemura KS, Araghi A, Carrino J, Khoo LT, Perez-Cruet M, Von Jako R, Finn M: Electromagnetic Pedicle Screw Navigation and Radiation Exposure. North American Spine Society. October, 2007; Austin, Texas.
11. Araghi A, Hisey MS, Zigler JE, Guyer RD, Sachs BL, Rashbaum RF, Ohnmeiss DD: Comparison of Open vs. Minimally Invasive Surgical Technique for Posterior Lumbar Fusion. Congress of Neurological Surgeons/American Association of Neurological Surgeons Section on Disorders of the Spine and Peripheral Nerves. February, 2008; Orlando, Florida.
12. Araghi A, Hisey MS, Zigler JE, Guyer RD, Sachs BL, Rashbaum RF, Ohnmeiss DD: Comparison of Open vs. Minimally Invasive Surgical Technique for Posterior Lumbar Fusion. Spine Arthroplasty Society. May, 2008; Miami, Florida.
13. Sasso R, Hisey M, Theofilos C, Araghi A: FlexiCore® Disc Replacement vs. Fusion for Lumbar Degenerative Disc Disease: Pain Relief Results from Four Study Sites. Spine Arthroplasty Society. May, 2008; Miami, Florida.
14. Errico T, Theofilos C, Araghi A, Zucherman J, Sasso R: FlexiCore Disc Replacement vs. Fusion for Lumbar Degenerative Disc Disease: State-of-the-Research and Overall Treatment Success Results from Four Study Sites. Spine Arthroplasty Society. May, 2008; Miami, Florida.
15. Sasso R, Theofilos C, Hisey M, Araghi A: FlexiCore® Disc Replacement vs. Fusion for Lumbar Degenerative Disc Disease: Patient Outcomes from Four Study Sites in a Prospective, Randomized, Multi-center Trial. Spine Arthroplasty Society. May, 2008; Miami, Florida.
16. Zucherman J, Theofilos C, Araghi A, Sasso R: FlexiCore® Disc Replacement vs. Fusion for Lumbar Degenerative Disc Disease: Device Height, Intervertebral Height and Neurological Outcomes from Four Sites in a Randomized Controlled Trial. Spine Arthroplasty Society. May, 2008; Miami, Florida.
17. Theofilos C, Araghi A, Hisey M, Sasso R: Flexicore® Disc Replacement vs. Fusion for Lumbar Degenerative Disc Disease: Pain Relief Results from Four Study Sites in a Prospective, Randomized Controlled Trial. North American Spine Society SpineWeek. May, 2008; Geneva, Switzerland.
