- ▶ Overall, have excellent customer service skills

Texas Back Institute, established in 1977 is one of the largest freestanding multispecialty spine clinics in the United States and provides comprehensive medical care for patients with back and neck pain. From the beginning, the goal to perform as a center of excellence, integrating the best of science and education with the best business practices, has served Texas Back Institute well and continues to be the backbone of Texas Back Institute's success. More than 30 years later, Texas Back Institute is the most academic private practice in spinal care and is the largest freestanding multidisciplinary academic spine center in the world. Utilizing the latest technological advancements and medical breakthroughs, leading and participating in numerous FDA trials, developing surgeons through its fellowship program and employing an expert medical team and compassionate support staff, Texas Back Institute remains dedicated to helping patients get back to life. Our professional staff includes board-certified spine surgeons, general surgeons, internists, physiatrists, pain specialists, physician assistants and a strong team of physical therapists

This is a great opportunity for those who desire a stable career, an opportunity to grow and learn in a great working environment.

Interested candidates please submit your resume in WORD format to humanresources@texasback.com or fax to 972-608-5058
